LEARNING JOURNEY

DO Experiential Learning

Learn through real experiences

- Site visits to communities, enterprises, and local partners
- Field observations & stakeholder interviews
- Cultural workshops & immersion activities
- Reflection sessions after each visit

DESIGN From Insight to Prototype

Turn learning into solutions

- Problem identification & needs assessment
- Ideation & co-creation workshops
- Prototype development (service / policy / business / social innovation)
- Mentoring & feedback from module mentors

LEAD Empowering students as change-makers

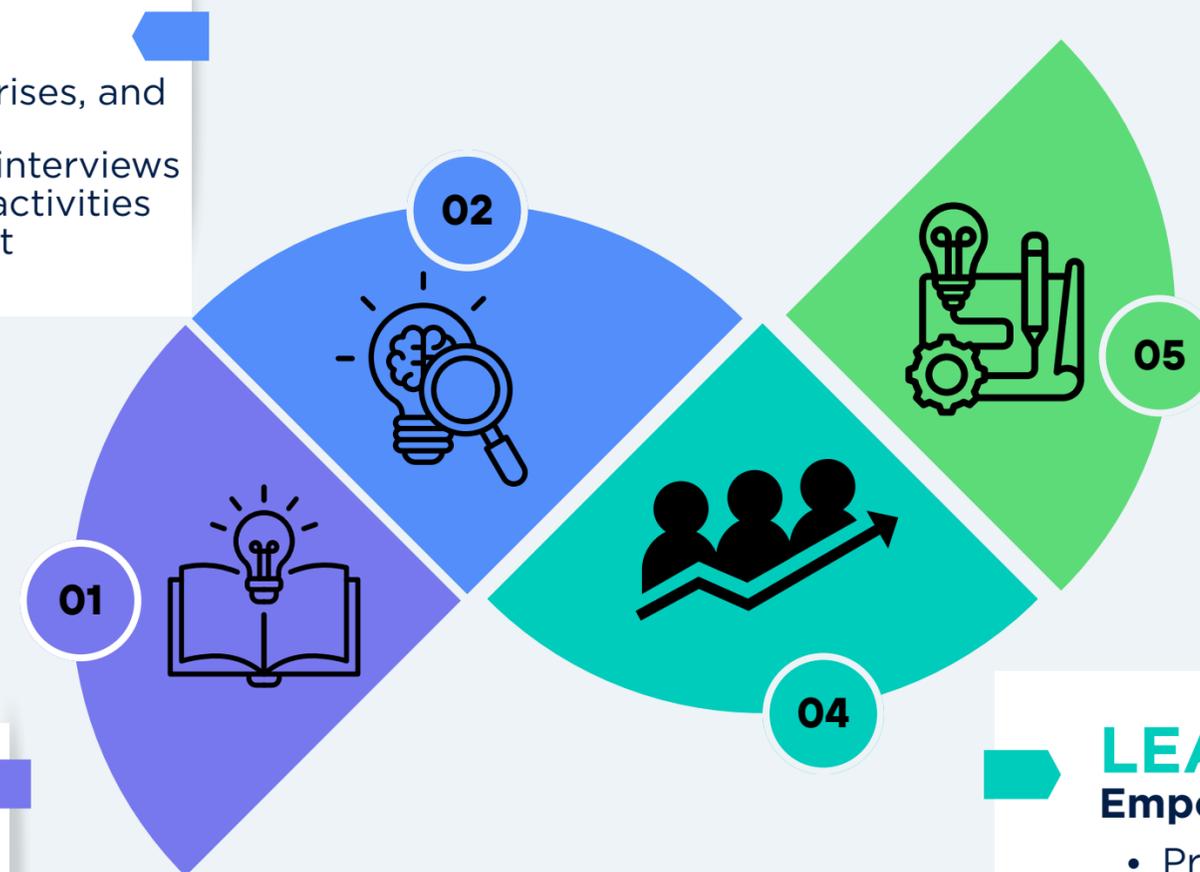

- Prototype presentation & showcase
- Peer and mentor evaluation
- Reflection on leadership, teamwork, and impact
- Discussion on scalability & future implementation

LEARN

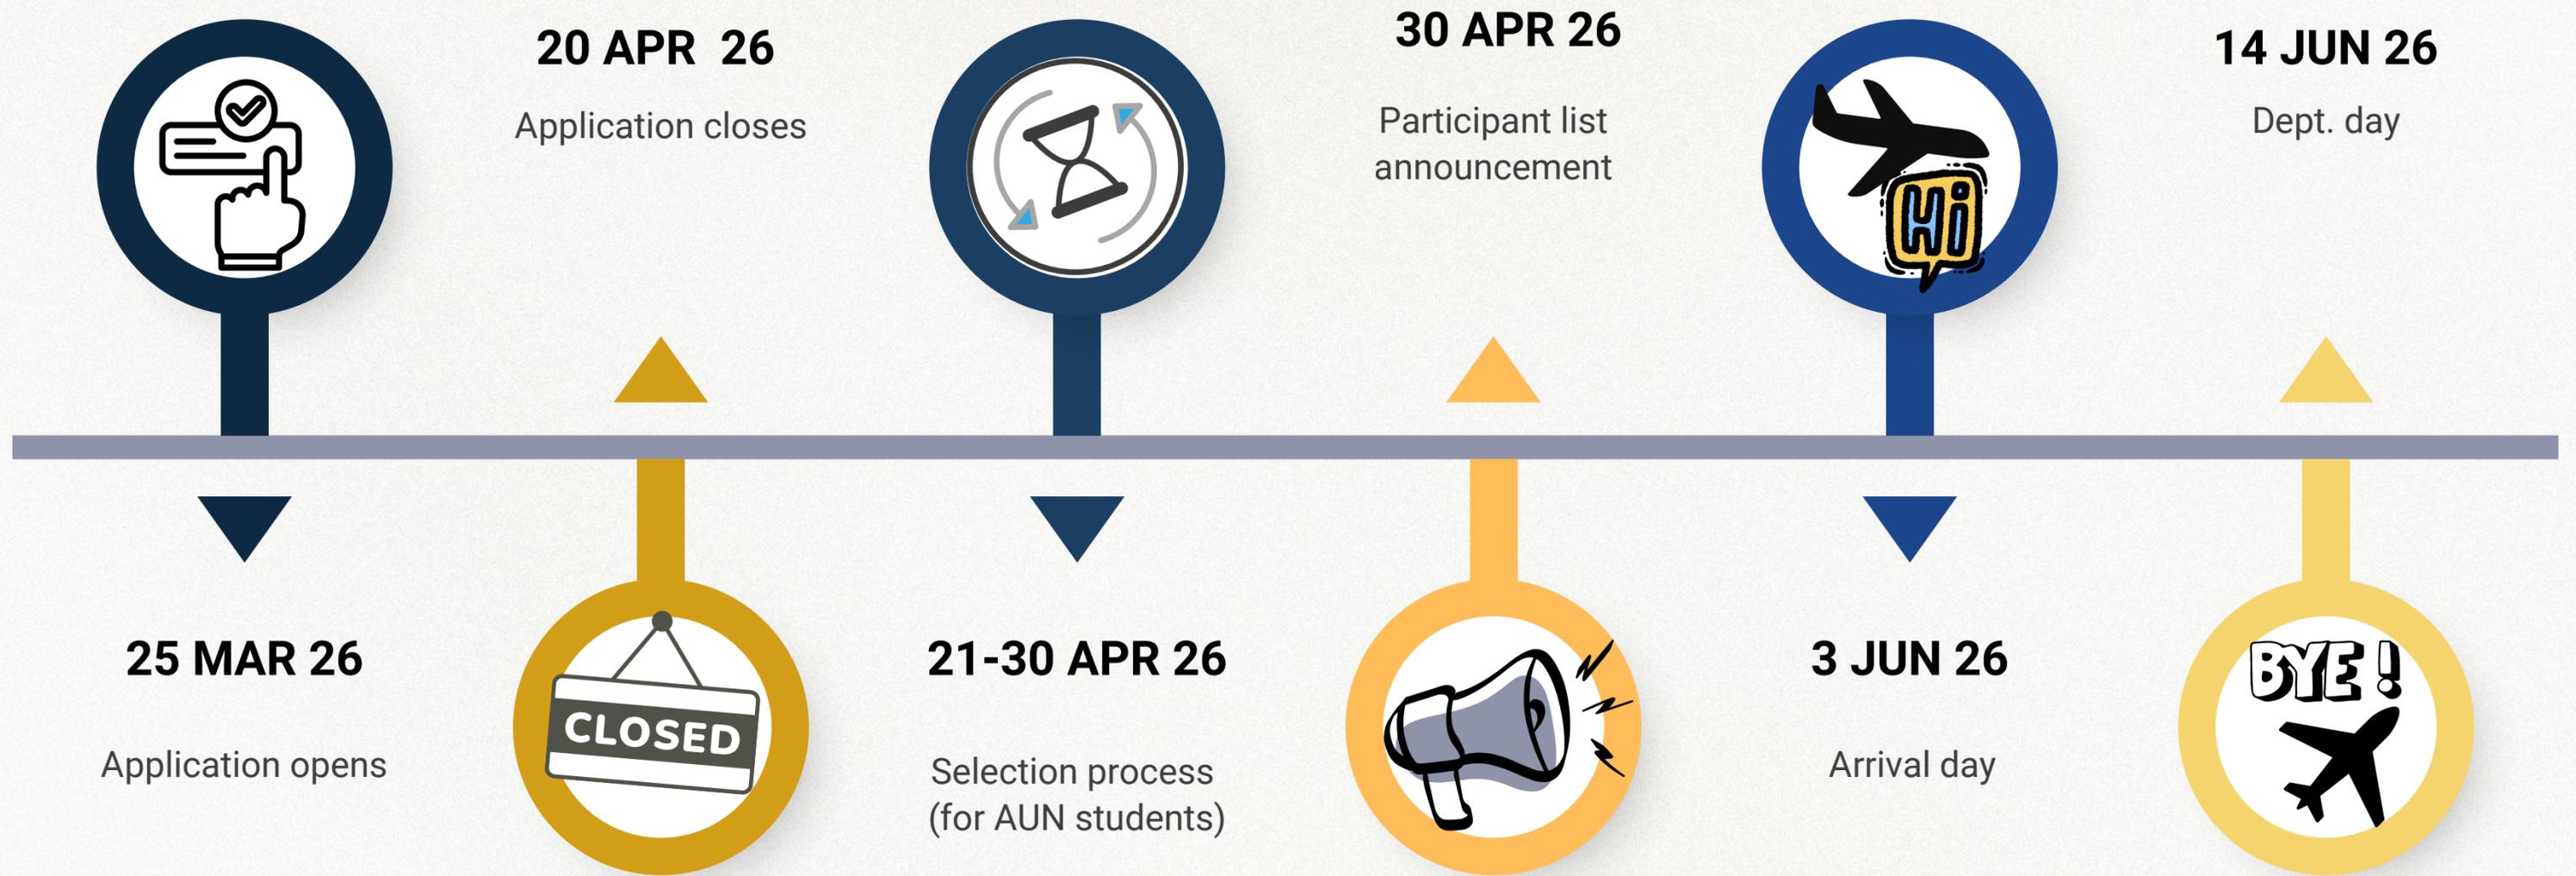

Understanding the Challenge

Build shared knowledge & SDGs literacy

- SDGs framework & global challenges
- Community-based development & sustainability
- Blue & Green Economy concepts
- Best-practice sharing from universities & partners

IMPORTANT DATES

A stack of yellow speech bubble cutouts is arranged on a blue background. The top bubble is centered and contains the text "THANK YOU" in white, uppercase, sans-serif font. The bubbles are scattered around the central one, some partially visible. The blue background is a solid, vibrant color.

*THANK
YOU*
